National Bullying Prevention Month

Connecting Advocates Across the Nation

The End of Bullying Begins with Me: that's the message during PACER's National Bullying Prevention Month in October. It's a time when communities can unite nationwide to raise awareness of bullying prevention through events, activities, outreach, and education. Resources from PACER's National Bullying Prevention Center make it easy to take action.

PACER [created the campaign](#) in 2006 with a one-week event which has now evolved into a month-long effort that encourages everyone to take an active role in the bullying prevention movement.

PACER's has a variety of resources you can use during October - and throughout the year - to engage, educate, and inspire others to join the movement and prevent bullying where you live. Check out all of the different [events and activities](#) and make plans to get involved.

Remember, the End of Bullying Begins With You!
