500 Cities Project

Search Criteria

- **Small area estimates for the 500 largest American cities**

- **Categories:**
    - **Unhealthy behaviors**
    - **Health outcomes**
    - **Prevention practices**

- **Health Measures**

- **Geographies:**
    - **City data by state**
    - **Census tract data by city**

- **Analysis of two-related measures by city and state**

Topics

- **Unhealthy behaviors including:**
    - **Binge drinking**
    - **Current smoking**
    - **Obesity**
    - **Sleeping less than 7 hours**

- **Health outcomes including:**
    - **Asthma**
    - **High blood pressure**
    - **Chronic Kidney Disease**
    - **Mental Health**

- **Prevention including:**
    - **Lack of health insurance**
    - **Visits to doctors**
    - **Cholesterol**
    - **Mammography**

Tools/Resources

- **Create custom reports**

- **Compare up to 3 cities for all measures in a report**

- **Download data from 500 Cities data portal**

- **Generate crude and age-adjusted prevalence**

- **Customize visualizations**

- **Download maps for all measures by city (available in PDF)**

Behavioral Risk Factor Surveillance System (BRFSS)

Search Criteria

- Select metropolitan/ micropolitan area risk trends

- Chronic disease indicators

- Create custom cross tabulation tables for health indicators within selected states

- Geographies:
    - City
    - County
    - State/sub-state

- Morbidity and Mortality Weekly Report for multiple indicators by state and sub-state areas

Topics

- Chronic disease indicators including:
    - Asthma
    - Cancer
    - Diabetes
    - Cardiovascular disease

- Health-related quality of life

- Healthy aging

- Maternal and child health

- Oral health

- Tobacco use

- Youth risk behaviors

- Vision and eye health

Tools/Resources

- Prevalence data and data analysis tools

- BRFSS questionnaires

- Survey data and documentation

- Publications and resources

- BRFSS fact sheets

- Interactive maps

- Web enabled analysis tool

- Behavioral risk factors data portal

Ann & Robert H. Lurie
Children's Hospital of Chicago®

Chicago Health Atlas

Search Criteria

- Choose from variety of indicators and subcategories including:
    - Demography
    - Clinical care
    - Quality of care
    - Social and economic factors
    - Mortality
    - Morbidity
    - Maternal, infant child, and adolescent health

- Geographies:
    - City
    - Zip code
    - Community areas

Topics

- Demography (e.g. age group, sex, race)

- Clinical care (e.g. access to care, avoidable ED visits)

- Quality of care (e.g. cervical cancer screening, HPV vaccination)

- Social and economic factors (e.g. income, education, employment)

- Mortality (e.g. chronic disease, violence)

- Morbidity (e.g. opioid overdose, depression, suicide)

Tools/Resources

- Summary data available

- Trends over time

- Access interactive maps

- Download data (available in excel)

- Resources by community area and zip code

- List of hospitals by community area and zip code

Child Health Data Lab

Search Criteria

- **Research on risks to healthy youth development**

- **Review findings from the pilot Illinois Health Survey conducted in Chicago in 2008**

- **Evaluation of programs that strengthen youth-serving organizations**

- **Search for related clinical studies**
  - **Filter by research area or investigator last name**

Topics

- **Research projects include:**
  - **State & Community Reports on Injury Prevention & Targeted Solutions (SCRIPTS)**
  - **Illinois and Chicago Youth Risk Behavior Survey**
  - **Illinois Health Survey**
  - **Developing Mental Health Systems for Youth in Southeastern Illinois**

Tools/Resources

- **Links to the Lurie Children's Injury Prevention & Research Center and Office of Child Advocacy**

- **Download findings from pilot Illinois Health Survey (available in PDF)**

Chicago Public Schools

Search Criteria	Topics	Tools/Resources

Search Criteria

- Search for and view student grades

- Look up school(s) by location

- View school profiles

- Access school data

- School repurposing

- Find Safe Passage routes

- Look up CPS district calendar events

- Search for school demographics and download data

Topics

- School profiles include:
  - Rating
  - Grades served
  - Number of students
  - Faculty
  - Demographics
  - Programs

- School data includes:
  - Accountability reports
  - Assessment reports
  - Surveys

- Orientation guide for parents:
  - Securely view student grades
  - Students may also access their grades

Tools/Resources

- Student and parent portals

- Academic instructions resources

- Access frequently used apps (e.g. IMPACT)

- Classroom applications (e.g. Khan Academy and ST Math)

- School directories

- Online dashboard

- Blackboard Connect

- Access how to build teaching profiles and learn about school leadership

City of Chicago Data Portal

Search Criteria

- Browse over 15 categories

- Geographies include:
    - Census tracts
    - Census blocks
    - Chicago Public School Networks
    - City
    - Community areas
    - Neighborhoods
    - Park districts
    - Planning districts
    - Police beats
    - Police districts
    - Surrounding municipalities
    - Wards
    - Zip codes
    - Zoning districts

Topics

- Browse by categories including:
    - Admin & Finance
    - Buildings
    - Community
    - Education
    - Environment
    - Events
    - FOIA
    - Facilities & Geo. Boundaries
    - Health & Human Services
    - Historic Preservation
    - Parks & Recreation
    - Public Safety
    - Sanitation
    - Service Requests
    - Transportation
    - Prevention Practices

Tools/Resources

- Access to Chicago apps including:
    - OpenGrid
    - Healthy Chicago
    - 311 Service Tracker
    - Chicago Public Library

- Visualizations include:
    - Charts
    - Maps
    - Datasets
    - Forms

- Download data in the form of:
    - CSV
    - Shapefile
    - KML
    - KMZ

CLEARMAP

Search Criteria

Topics

Tools/Resources

Search Criteria

- **Crime incidents**

- **Crime summaries**

- **Registered sex offenders**

- **Community concerns**

- **Location of block clubs**

- **Geographies:**
  - **Stations**
  - **Beats**
  - **Sectors**
  - **Districts**
  - **Community areas**
  - **Census tracts**
  - **Wards**

- **Timeframe cannot exceed 12 months**

Topics

- **Crime types including:**
  - **Homicide**
  - **Sexual assault**
  - **Robbery**
  - **Aggravated assault**
  - **Burglary**
  - **Larceny**
  - **Motor vehicle theft**
  - **Fraud**
  - **Embezzlement**
  - **Forgery**
  - **Drug abuse**

- **Community concerns including:**
  - **Gangs**
  - **Narcotics**
  - **Prostitution**
  - **City services**

Tools/Resources

- **Create custom interactive maps based on search criteria**

- **Download GIS data**

- **Access Chicago Police Department links (e.g. CAPS)**

- **Access other city links (e.g. City of Chicago data portal)**

- **Review presentations, articles, and awards**

Diversity Data Kids

Search Criteria

- **Select metropolitan/ micropolitan area risk trends**

- **Search for chronic disease indicators**

- **Create custom cross tabulation tables for health indicators within selected states**

- **Geographies:**
  - **School districts**
  - **City**
  - **Metro areas**
  - **County**
  - **State**

Topics

- **Child demographic indicators**
  - **Demographics**
  - **Education**
  - **Neighborhoods**
  - **Employment**

- **Wellbeing indicators**
  - **Health**
  - **Poverty**
  - **Environmental hazards**

- **Policy**

Tools/Resources

- **Create Child Opportunity Index Maps**

- **Compare by multiple geographic levels**

- **Create custom profile reports**

- **Rankings**

- **Equity assessments of social policies**

- **Compare policy indicators across states**

Easy Access to Juvenile Populations

Search Criteria

- Research on risks to healthy youth development

- Review findings from the pilot Illinois Health Survey conducted in Chicago in 2008

- Evaluation of programs that strengthen youth-serving organizations

Topics

- Demographics
  - Age
  - Race
  - Ethnicity
  - Sex

- Arrest data

- Juvenile courts and corrections statistics
  - Offense
  - Disposition
  - Incarceration status
  - Facility data

Tools/Resources

- Create custom population profiles

- Look at trends over time (data from 1990-2017)

- Compare across states and counties

- Juvenile court statistics tool

- Corrections data tool

Illinois Criminal Justice Information Authority
Research & Analysis Unit

Search Criteria

- Search for recent publications

- Search for latest articles

- Search by crime topic/offense

- Access crime and risk factor data tools and datasets

- Geographies include:
  - Statewide
  - Judicial circuit
  - County

Topics

- Data categories include:
  - County jail bookings
  - Orders of protection
  - Felony sentences
  - Case filings
  - Probation caseloads
  - Juvenile placements
  - Poverty in Illinois
  - Domestic related offenses
  - Hate crimes
  - Elder abuse offenses
  - Reported and indicated child abuse cases

Tools/Resources

- Download data (available in Excel)

- Access crime and risk factor data tools:
  - Criminal justice data profiles
  - Criminal history and recidivism tool
  - Single map analysis tool
  - Scatter plot analysis tool
  - Interactive map and charts

Illinois Domestic Violence Data & Information Clearinghouse

Search Criteria

- **Access domestic violence datasets**

- **Search for annual reports and quarterly briefs**

- **Look up peer-reviewed articles and non-published documents**

Topics

- **Domestic violence datasets include:**
  - **Criminal courts research**
  - **Domestic violence registries**
  - **Law enforcement reports**
  - **Perpetrator information**

- **Access annual reports on:**
  - **Caseload summaries**
  - **Category types**
  - **Disposed orders of protection**

Tools/Resources

- **Access publications (e.g. shelter utilization, victim demographics, etc.)**

- **Additional links including Uniform Crime Reports, CPD CLEARMAP, and the National Violence Registry**

- **Domestic violence information including hotline resources**

Illinois Poverty Report

Search Criteria

- **Search for local and county data based on indicators that include:**
  - Household income
  - Educational attainment
  - Federal poverty level
  - Well-being index
  - Employment

- **Geographies include:**
  - State
  - County
  - City
  - Chicago neighborhoods

Topics

- **Well-being index**
  - High school graduation rate
  - Teen births
  - Unemployment rate
  - Poverty rate

- **Education**
  - Graduation rates
  - Head Start enrollment
  - Test scores

- **Housing**
  - Homeownership
  - Assets

- **Health and nutrition**
  - Uninsured rate
  - Percentage of babies born low weight

Tools/Resources

- County fact sheets

- Download county data and metro-Chicago data (available in Excel)

- Compare across Illinois counties and to the State as a whole

- Download Illinois Poverty Report and Map (available in PDF)

Illinois State Police Uniform Crime Reports

Search Criteria

- Index crime, unsolved crimes, wanted persons, sex offenders, missing persons, hate crimes, etc.

- Search for reporting guidelines and forms

- Access annual reports

- Look up criminal histories

- Access safety education, AMBER alert plans, and parent guides to preventing child abduction

- Geographies include:
  - County
  - State

Topics

- Reporting topics include:
  - Index crimes
  - Domestic offenses
  - School incidents
  - Hate crime
  - Supplemental homicide reporting
  - Arrest related deaths
  - Officer non-fatal shootings

- Missing persons

- Criminal history

- Firearms and safety

- Traffic (e.g. crash reports)

Tools/Resources

- Download data for various offenses (Excel and PDF)

- Annual reports and databases 1997-2016

- Reporting guidelines and forms

- Program resources

- Forms and publications

- News releases

- Legislation

- Links to external resources based on topic (e.g. criminology, federal justice)

Illinois Violent Death Reporting System (IVDRS)

Search Criteria

- Pools information on the "who, what, where, how, and why" of violent deaths in Illinois

- Submit data requests

- Geographies:
  - State
  - County
  - City

Topics

- Violent deaths include:
  - Homicide
  - Suicide
  - Unintentional
  - Undetermined
  - Death by law enforcement

- Data sources include:
  - Death certificates
  - Crime labs
  - Law enforcement reports
  - Coroner medical examiner reports

Tools/Resources

- Download data briefs and fact sheets (available in PDF)

- Download county reports for various Illinois counties for 2015 and 2016 (available in PDF)

- Access the National Violent Death Reporting System Coding Manual

Illinois Youth Survey (IYS)
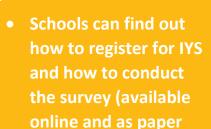

Search Criteria

- **Access local school data on health and social indicators including substance use patterns and attitudes of Illinois youth**

- **Estimate health and social indicators for the state of Illinois**

- **Geographies:**
  - **State**
  - **County**
  - **Community area**
  - **School and district**

- **Access reports broken down by demographic characteristics**

Topics

- **Survey topics include:**
  - **Alcohol, tobacco, and other drug use**
  - **Beliefs about drug use**
  - **Health and nutritional behaviors**
  - **Family support and rules about alcohol use**

- **Schools may add additional survey topics such as:**
  - **Dating violence**
  - **Youth-led prevention**
  - **Sexual health behaviors**
  - **Traffic safety**
  - **LGBTQ issues**

Tools/Resources

- **Schools can find out how to register for IYS and how to conduct the survey (available online and as paper copies)**

- **Create and add additional questions to the survey**

- **Download survey and results (available in PDF)**

- **Reports can include summaries, national estimates, and tables**

- **Access to Youth Risk Behavior Survey and Oregon Healthy Teens Survey**

Strengthening Chicago's Youth

Ann & Robert H. Lurie Children's Hospital of Chicago

MapChicago

Search Criteria

- Search various themes by geographic location

- Geographies include:
  - Zip code
  - Police district
  - Intersection
  - Address
  - TIF
  - Cemetery
  - Parcels

- Boundaries include:
  - Ward
  - IL Senate District
  - IL House
  - US Congressional District
  - Community area
  - Neighborhood
  - Zip code

Topics

- Themes include:
  - 30 day closures
  - Emergency
  - Landmarks
  - Liquor license
  - Partial 7 day closures
  - Partial today closures
  - Political
  - Public facilities
  - Recycling drop-off sites and pick-up schedules
  - Schools
  - Parks
  - Police area
  - Forest preserves
  - Municipalities
  - Transit

Tools/Resources

- Access eighty acre and aerial maps

- Interactive map allows users to add multiple layers and themes

- Print selected map and access other features from the toolbar including map legend

Miseducation

Search Criteria

- **Search by school district or specific school**

- **Summarize by race**

- **Geographies include:**
  - **State**
  - **School district**
  - **School**

Topics

- **Disparity Scores**
- **Opportunity Measures:**
  - **AP course enrollment**
  - **SAT/ACT participation**
  - **Student to teacher ratio**
  - **Support staff**
  - **Dual enrollment**
- **Discipline Measures:**
  - **Suspensions, expulsions**
  - **Student arrests**
  - **Security staff**

Tools/Resources

- **Access data tables to compare rates across states**

- **Interactive map allows users to add layers and view data across school districts**

- **School data tables allow users to contrast schools within the same district**

National Neighborhood Indicators Partnership (NNIP)

Search Criteria

- Catalog of data sources

- Summary reports on local neighborhood-level data:
    - Record type
    - Most recent year of data
    - Number of years of data

- Geographies:
    - Block group
    - Census tract
    - Zip code
    - School

Topics

- List of data sources include:
    - 500 Cities
    - American Community Survey
    - Births
    - Deaths
    - Local employment
    - Integrated data systems
    - Zip business patterns

- Summary of latest data inventory results that are:
    - Neighborhood level
    - Multi-topic
    - Updated over time

Tools/Resources

- Access partner reports

- Links to neighborhood level profiles

- Data available for download on select pages where indicated

- Access data inventory results report (available in PDF)

OpenGrid

Ann & Robert H. Lurie
Children's Hospital of Chicago®

Search Criteria

- Query name

- Commonly used queries:
  - 311 service requests
  - Restaurants passing inspection
  - Street closures
  - Potholes

- Geographies:
  - Citywide
  - Zip code
  - Ward
  - Point
  - Map extent

Topics

- Choose from datasets that include:
  - Abandoned vehicles
  - Alley lights out
  - Graffiti removal
  - Building violations and permits
  - Crimes 2001-present
  - Environmental complaints
  - Food inspections
  - Speed camera locations
  - Transportation Department permits
  - Individual landmarks

Tools/Resources

- Create custom maps based on query

- Add and interact with additional layers to map

- Navigation tools allow users to zoom in and out

Opioid Misuse Tool

Search Criteria

- Search based on various economic and socio-demographic indicators

- Choose a time period from 2008 – 2017 or view changes over time

- Geographies include:
  - State
  - County
  - Rural vs. urban

Topics

- All drug overdose mortality rates

- Opioid overdose mortality rates

- Socio-demographic and economic indicators include:
  - Race
  - Age
  - Educational Attainment
  - Disability Status
  - Median Household Income
  - Poverty Rate
  - Unemployment Rate
  - Accident-prone employment

Tools/Resources

- National, state, and county-level data

- Analyze trends over time

- Interactive map allows users to create custom maps

- Print data tables or share on social media

Policy Map

Ann & Robert H. Lurie Children's Hospital of Chicago®

Search Criteria

- Search based on various indicators and industries that include:
  - Demographics
  - Economy
  - Federal guidelines
  - Health
  - Quality of life

- Geographies include:
  - State
  - County
  - Metropolitan division
  - Census place
  - Census tract
  - Census block
  - Congressional district
  - School district

Topics

- Demographics
  - Age, sex, race

- Economy
  - Jobs and industries

- Housing
  - Home values
  - Rental units

- Quality of life
  - Crime
  - Transportation

- Education
  - Cost of college
  - Test scores

- Health
  - Chronic health conditions
  - Influenza

Tools/Resources

- National data at every local level

- Create custom regional maps

- Compare data indicators across cities, states, and regions

- Standardized disparate data

- Analyze trends over time

- Upload your organization's data to save and/or share

- Monthly or annual subscriptions

U.S. Census Bureau American Community Survey

Search Criteria

- Access the following profiles based on query:
    - Data profiles
    - Narrative profiles
    - Subject tables
    - Supplemental tables
    - American FactFinder data

- Geographies can include:
    - Region
    - State
    - County
    - City or place
    - Zip code
    - Census tract
    - Metropolitan/ micropolitan statistical area

Topics

- Data profile topics include:
    - Social
    - Economic
    - Housing
    - Demographics

- Narrative profile topics include:
    - Household size
    - Education
    - Disability
    - Employment status
    - Income

- Subject table topics include:
    - Age and sex
    - Children characteristics
    - Educational attainment

Tools/Resources

- Retrieve supplemental tables based on mid-sized populations

- Access charts, graphs, diagrams, etc. based on query

- Generate tables with multiple criteria

- Download data and metadata (available in Excel/CSV)

- Access summary data files for 1-year and 5-year estimates

U.S. Census Bureau American FactFinder

Search Criteria

- **Build datasets that can include:**
  - **Demographics**
  - **Industry codes**
  - **EEO occupation codes**

- **Geographies:**
  - **Region**
  - **City**
  - **Congressional district**
  - **School district**
  - **Zip code**
  - **Census tract**
  - **Census block**

- **Search single or multiple years of data:**
  - **1 year estimates**
  - **Multiple year estimates**

Topics

- **Demographics include:**
  - **Age and sex**
  - **Income**
  - **Veteran status**
  - **Disability**
  - **Education**
  - **Employment**
  - **Population**
  - **Race/ethnicity**

- **Industry codes include:**
  - **Sector codes**
  - **Material/fuel**
  - **Commodities**

- **EEO occupation codes include:**
  - **Management**
  - **Business**
  - **Architecture**
  - **Healthcare and practitioners**

Tools/Resources

- **Retrieve summary information tables based on user's dataset**

- **Compare multiple criteria in one table**

- **Download data and metadata (available in Excel/CSV)**

WISQARS

Search Criteria

- Access data on:
  - Fatal and nonfatal injury
  - Violent death
  - Cost of injury
  - Leading causes of death
  - Fatal injury mapping
  - Mechanism of injury

- Users can search, sort, and view injury data by region and year(s)

- Create reports, charts, and maps

- Geographies include:
  - National
  - Regional
  - State

Topics

- Fatal injury topics include:
  - All intents
  - Unintentional
  - Violence-related (e.g. homicide and suicide)
  - Undetermined intent

- Nonfatal injury topics include:
  - All intents
  - Unintentional
  - Violence-related (e.g. assault, legal intervention, self-harm)

- Demographics include:
  - Age/age groups
  - Sex

Tools/Resources

- WISQARS data visualizations

- Access data tables on injuries and by demographics

- Download data (available in CSV file)

- Access injury coding and data systems (e.g. ICD-10 CM codes)

- Generate crude and age-adjusted rates based on query

Youth Risk Behavior Surveillance System (YRBSS)

Search Criteria

- Search by six categories of health-related behaviors that contribute to death and disability among youth and adults including:
  - Behaviors that contribute to unintentional injuries and violence
  - Substance use
  - Unhealthy diet
  - Inadequate physical activity

- Geographies include:
  - National
  - State
  - City
  - Local site
  - Territory

Topics

- Topics include:
  - Unintentional injuries and violence
  - Alcohol and other drug use
  - Dietary behaviors
  - Obesity, overweight, and weight control
  - Tobacco use
  - Sexual behaviors
  - Physical activity
  - Other health topics (e.g. asthma, oral health care, sleep, sun safety, and food allergies)

Tools/Resources

- Analyze data for students in high school, middle school, or global school-based

- Assess for greater or less risk (with 95% confidence intervals)

- Compare up to 2 groups based on query (e.g. male vs female)

- Filter data by location, race/ethnicity, sex, grade level, and sexual orientation

- Generate percentage and cell size counts

- Download data (available in Excel)
