

# Getting Started Guide – Opioid Misuse Tool

## ➤ Home page access

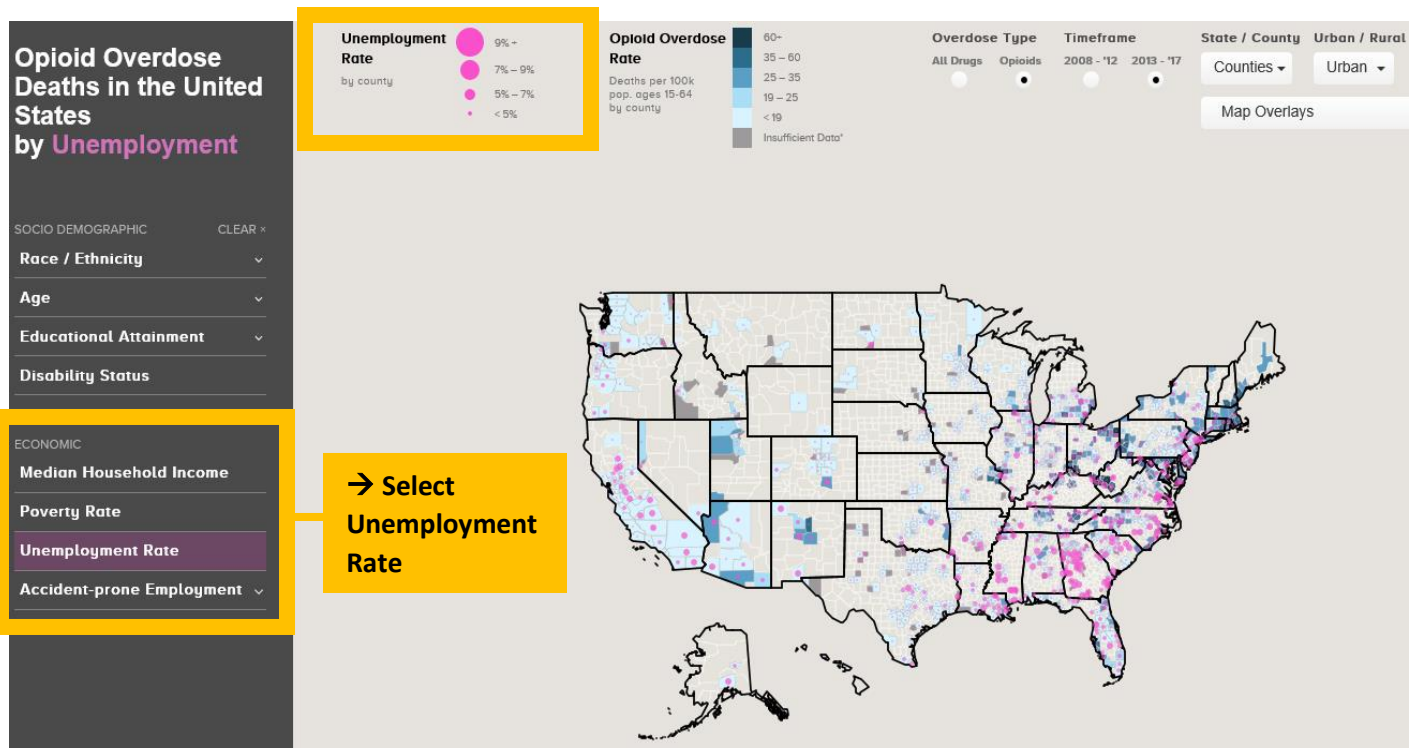

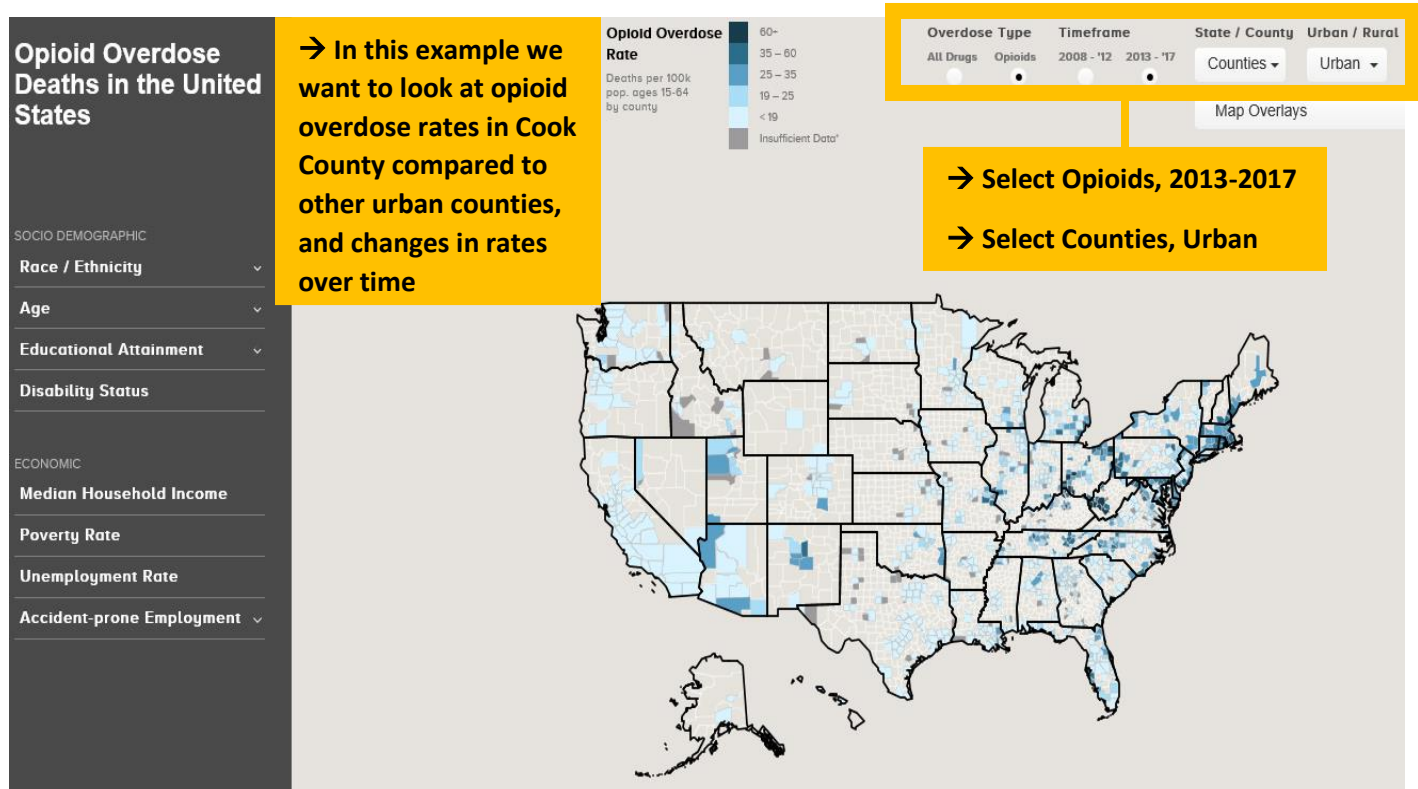

The screenshot shows the home page of the Opioid Misuse Tool. The main heading is "Drug Overdose Deaths in the United States". The interface includes a sidebar with filter categories: "SOCIO DEMOGRAPHIC" (Race / Ethnicity, Age, Educational Attainment, Disability Status) and "ECONOMIC" (Median Household Income, Poverty Rate, Unemployment Rate, Accident-prone Employment). A search bar is located below the sidebar. The main map area displays a choropleth map of the United States, with a legend for "Drug Overdose Rate" (Deaths per 100k pop. ages 15-64 by county) ranging from <19 to 60+. The legend also includes "Insufficient Data". The map is currently set to "All Drugs" and "2008 - '12". The "State / County" dropdown is set to "Counties" and "Urban / Rural" is set to "All". A "Map Overlays" dropdown is also present. The footer contains a "SHARE" button and navigation links for "INTRODUCTION", "HOW TO USE THE TOOL", "METHODOLOGY & DATA", and "MORE INFORMATION". Logos for NORC at the University of Chicago and USDA are also visible.
