Letter from the Executive Director

Dear Strengthening,

Over the course of 2021-22, the SCY team worked on its mission to support and unite partners to promote policy and environmental change to prevent violence. We also proudly celebrated 10 years of this work, and our accomplishments are shared with the community partners that drive what we do. All of this is highlighted in our newly released bi-annual report available [here](#). There is still so much to be done to promote equity, resilience, and investment in communities that are historically and disproportionately underserved in the hopes of preventing violence and helping youth and families reach their full potential. By changing systems and policies, sharing information and resources, uplifting the great work already being done, and continuing collaborative efforts - SCY believes we will continue making strides toward changing the narratives around our city and keeping youth safer.

Sincerely,
Leslie Helmcamp

**GOVERNMENT FUNDING FOR NONPROFITS 201**

**Webinar**

Government funding can at times be overwhelming given the level of compliance requirements needed especially if your
nonprofit has little experience with government funding. This training with Forefront will discuss what happens after your organization has been awarded the grant and will help break down some of the expectations that funding agencies have regarding stewardship of government funding.

**OPPORTUNITIES IN PUBLIC HEALTH LAW**

**Building an Equity Minded Workforce**

Public health entities and practitioners recognize the extent of health inequities in our society as well as the significance of law and policy in shaping health outcomes. Law can be a powerful influence on health, and it is arguably a determinant of health and health equity. In this virtual event hosted by National Leadership Academy for the Public’s Health, facilitators will explore critical connections between public health law, health equity, and public health practice. Presenters will also highlight narratives, research efforts, strategies, and resources that seek to identify and fill these law and policy gaps in public health practice.

**FINDING STATE AND LOCAL GRANT OPPORTUNITIES**

**Webinar**

This virtual workshop will provide an overview of how to identify potential grant funding opportunities available from the State of Illinois or local governmental entities. This session is aimed at novice grant-seekers with little or no experience with searching for government grants.

**APPLYING FOR STATE AND LOCAL GRANT OPPORTUNITIES**

**Webinar**

This virtual workshop will provide an overview of how to apply for grants available from the State of Illinois or local governmental entities. Key concepts will include: identifying key information in a Request for Proposal; outlining a grant proposal narrative; developing a compelling need statement; and applying tips of the trade to submit a winning grant proposal.
IDHS TRAUMA TRAINING

The Impact of Trauma on Youth

During this Illinois Collaboration on Youth (ICOY) training, participants will explore and understand the impact of trauma on youth and clients. This will include learning about ACEs, brain development, and common childhood trauma responses and behaviors. Together attendees will discuss trauma-informed care response strategies to build resilient youth, families, and staff.

BUDGETING FOR IMPACT
Nonprofit Budget Essentials

This session from Social Current provides an overview of the nonprofit budget process as well as basic steps to develop, implement, and monitor the annual budget. Facilitators will also share short-term budget strategies nonprofits can use to help build long-term financial sustainability.

IDHS TRAUMA TRAINING
Culture & Trauma

Trauma has context. That context oftentimes has cultural and historical roots. This training will explore the relationship between trauma and culture by looking specifically at populations who are at high risk for experiencing trauma and traumatic stress at the hands of the systems and society exist in. Additionally, participants will gain an understanding of the ways power and oppression impact individuals, communities, and access to resources.

INJURY & VIOLENCE PREVENTION ANNUAL CONFERENCE
Safe States

The Safe States Alliance convenes annually to highlight the latest injury and violence prevention research and practice while providing national networking opportunities for injury and violence prevention professionals. Celebrating its 30th year, there will be over 100 sessions available.

CALLING ALL YOUTH LEADERS
Podcast Project Interest Form

Do you know of youth ages 16-20 interested in expressing their thoughts about community issues? Do they have an interest in podcasting? SCY is working on a
grant-funded podcasting project to promote narrative change and healing. We are hoping to provide an opportunity for youth in communities most affected by gun violence to build capacity and have an experience where they can expand their professional skills, while telling the stories that are important to them. Youth leaders will be a core part of the recordings which will be focused on topics related to resilience, health equity, mental health access and more.
